Eligibility

For enrollment in the upcoming Master of Arts in Management (MA) class, candidates must meet the following criteria:

- Earned or pursuing a bachelor’s degree from an accredited college or university
- Majored in the liberal arts, sciences, or engineering disciplines
- Business majors or business-related majors are not eligible; business minors are eligible
- Graduated from college and have limited or no full-time post graduate work experience
- On a case-by-case basis, we will consider candidates who graduated more than two years ago and have limited or no work experience. To be considered for an exception, please contact us for a consultation regarding program eligibility

Applicants who have been enrolled in an academic program as a full-time student since college graduation are eligible to apply.

Roderick Daniels, MA ’14
Corporate Fellow
Human Capital Analyst, Deloitte Consulting, LLP

“I pursued the MA in Management program to fill in the gaps in my experience and professional development. The MA program gave me a year of maturity and a flexible foundation of knowledge that helped me gain a position in consulting.”
The School of Business is strongly committed to building a diverse student body.

The Corporate Fellowship Program was developed to further this goal for our Master of Arts in Management (MA) classes in an effort to reward high-achieving students from underrepresented groups.* Fellows receive full tuition plus a $10,000 stipend to help cover living expenses. They also receive personal mentoring from a high-level executive at a major corporation.

Past and present Corporate Fellowship sponsors have included:

The ideal corporate fellowship candidate
Wake Forest MA Corporate Fellows are high-performing students who possess a drive to excel both inside and outside the classroom. They hail from a diverse range of institutions and represent a variety of undergraduate majors from liberal arts to sciences and engineering. As team captains, club/Greek presidents, student mentors and community service advocates, these students have demonstrated a high level of involvement and capacity for leadership. Our Corporate Fellows have gone on to work at top companies nationwide, many now return to recruit current MA students.

Tuition is just the beginning
The Corporate Fellowship is much more than a scholarship. It’s about making connections—between people and interests, between textbook knowledge and real-world experience. Fellows are assigned a high-level executive mentor at a major sponsor company who will guide them through the ins and outs of their organization. By establishing a mentor relationship and gaining an understanding of their company operations, Fellows are uniquely poised to make immediate and profound contributions to their sponsor companies, should they be recruited to work there upon graduation.
